

Dear LNS Families,

We are writing to let you know of an incident that occurred related to Seesaw yesterday morning. A breach occurred for some individual user accounts in the Messenger feature within Seesaw. This occurrence was a result of an external attempt to guess user account passwords associated with this group of user accounts. As a result, Seesaw took immediate actions to contain the issue and "Messages" was turned off for a few hours to provide security.

The Lummi Nation School was not a part of these users that were affected, however, you may have noticed that Messenger within Seesaw was inaccessible yesterday. We know many of you use this feature to communicate with your students' teachers, and we apologize for this inconvenience. Seesaw and Seesaw Messenger is back up and running at this time.

The safety and privacy of our teachers, students, and families is our number one priority and we take these incidents seriously.

Be well,

LNS Administration
