

From One to Many Educational Advocate Request Form

Futures Northwest’s (FuturesNW) project, “From One to Many” aims to increase educational opportunities for Lummi Nation youth and families by implementing community led Financial Aid and college access support from a fellow parent of a student at Lummi Nation School. The focus of this support is to help students and their families navigate and plan for pathways after high school with local resources and expert advice. Kathleen Solomon is an enrolled member of Lummi Nation and has a passion for assisting others in discovering and fulfilling their life dreams. In 2018, Kathleen earned a bachelor’s degree in Tribal Governance and Business Management from Northwest Indian College and is currently employed at LIBC. Kathleen is excited to encourage people of all ages to attend college and can support any family member interested in doing so. This program is 100% free and Kathleen looks forward to being of service and part of your support in exploring your education and/or career goals.

FuturesNW will be implementing this program in partnership with Lummi Nation Schools, the Native Pathways to College program, Northwest Indian College Financial Aid and Scholarship Office, Lummi Employment Training Center, Lummi Indian Business Council, J.O.M., the Financial Aid offices of NWIC, WWU, BTC, and WCC, the 12th Year Campaign Junior/Senior student workbook, Washington Student Achievement Council *College Bound Scholar* support, and the *Native Pathways to College* guidebook? guide. The *From One to Many* program is made possible through a generous grant from the Whatcom Community Foundation and the Northwest Washington STEM Network.

By filling out the form below you are agreeing to receive assistance from an Kathleen Solomon:

Student Name: _____ Phone: _____

Email: _____

Parent or Caregiver Name: _____ Phone: _____
