Dear Parents or Guardians:

Lummi Nation School and Whatcom County Library System have a partnership called ConnectED that gives K – 12 students access to the best educational resources and learning materials in our libraries and on the Internet.

Through the partnership, LNS student IDs will be used as WCLS library card numbers, allowing students to:

- Borrow up to four (4) physical items at a time, those items can be books, magazines, audiobooks and graphic novels, from any WCLS location.
- Access digital content including eBooks and eAudiobooks and streaming content from school or home.
- Access educational resources, such as online encyclopedias.
- Incur no overdue fines for items borrowed; at the end of the year all accounts will be cleared of lost items.
- Use computers with filtered internet access at any of the library locations.
- Access other educational resources, such as online encyclopedias, using the Internet from any location.

This is in addition to, and separate from, a library card that a student may already have.

To enable the use of a student ID as a library card number, LNS will share the following student information with WCLS:

- Student ID
- Student Name (First, Middle & Last)
- Student Address
- School Name
- Grade Level
- Date of Birth
- Home Address
- Home Telephone Number
- Parent Email Address

No other information will be shared. Information shared with WCLS will not be shared or used outside of partnership activities.

If you would like your child to access public library resources using his/her school ID, **you do not need to do anything**. Your child will automatically be enrolled. To opt your student out of public library access using his or her school ID, please complete the form below and turn it in to your school.

We look forward to joining with you in this partnership, which will give students easier access to books and other resources that will help them succeed! You can read more about the partnership at www.wcls.org/student-library-cards.
